

2022 DIRECTORY OF RAIL ATTRACTIONS FOR NRHS MEMBERS

Compiled by Wesley and Shirley Ross

The 2022 Directory marks the 22nd Anniversary of the list. The Directory includes nearly 200 rail attractions this year, and it will look slightly different because the National Railway Historical Society decided to try to help rail attractions across the country to deal with the problems they encountered over the past two years. In order to do that, we decided to list any attraction that responded to our request and to provide free advertising to all of our members by means of the Directory. In addition, we indicated that attractions could still offer discounts to NRHS Members. It is our hope that by providing this list to NRHS members that they examine the list and find attractions that they would like to visit this summer and fall.

ARCADE & ATTICA RAILROAD'S GE 44-TON SWITCHER, NUMBER 111 - Pulls a tourist train through the Western New York landscape.

SCENIC RAILWAY TRAIN IS STOPPED AT CRAWFORD STATION, CRAWFORD NOTCH, NH - The train is headed by a former Maine Central, GP-7, Number 573, and a former Maine Central "Yellow Bird," Number 252, which is a GP-38.

NRHS is presenting this list with the understanding that the member using the List is responsible for checking with the museum, or operation listed, to verify their hours of operation. Many of the attractions listed offer free admission; however, you may wish to donate to the group. In the event that you choose not to use the NRHS discount, please be sure to indicate to the staff that you are an NRHS member and noticed their listing on the NRHS Directory.
