

2024 NRHS DIRECTORY OF RAIL ATTRACTIONS FOR NRHS MEMBERS

By Wesley Ross. Board of Directors Emeritus

And

Shirley Ross

Kentucky Central Chapter

The 2024 document has been submitted for publication. It will be distributed to all members by e-mail and listed on our Web Site. This year's list includes over 170 attractions from 40 states. Attractions that are free, or offer a discount to NRHS members, are printed in **Bold Type**.

In addition to the list providing a service to our members, the attractions are given the opportunity to display NRHS Membership brochures. Board Member Jon Baake mails the brochures to the attractions. Most attractions request our materials. This year, nearly 8,000 brochures will be distributed. Of that number over 2,000 will go to 28 attractions, that have not displayed our brochures in the past, thus, opening the door to new prospects.

I would like to let everyone know that we send an application to be included in the directory to each attraction each year. For one reason or another, some attractions misplace my letter and do not respond, consequently, they are not listed. Over the years, some members have questioned the fact that their favorite attraction was not listed. Each time, I have suggested they help me to follow-up on contacts in their area. There has never been a response.
