

## Attachment 1

### Senior Vice President

Since the meeting in Philadelphia in February, I have participated in a number of areas of responsibility. On March 2, I attended a meeting in Washington DC involving Amtrak Chief of Corporate Relations Clifford Black along with Walter Zullig, Metro Region RVP, and Denis Connel, Railpace Magazine, concerning photographers and their rights to photograph trains. Despite the meeting, Amtrak produced guidelines that generally restrict photographer's rights.

I assisted the preparations for the Audit Committee meeting with Greg Molloy, Robert Heavenrich and Joseph Hefron. Much of the contributions included the work with RailCamp and membership issues.

During the period, I have been active addressing the problems several chapters experienced with communications and reporting problems with Fernley & Fernley. Specifically, I assisted Connecticut Valley, Delaware Valley, Inland Empire, Quebec City, British Columbia, North Alabama, and Bluewater Michigan with specific problems. Several chapters made individual contacts with minor problems which were cleared quickly. The contacts have ranged from e-mail messages to personal telephone calls. I communicated with both Christina Rockwell and Kristen Olszewski during this period.

While the President was on vacation, I handled a number of routine issues and coordinating the distribution of reminder notices to the members of chapters who had renewed 75% or more of their membership. Chapters who have not renewed 75% still will receive reminder notices or offers to transfer membership to at large status when chapters have failed to respond to contacts from the staff at Fernley & Fernley and the national officers.

I participated in the 50<sup>th</sup> Anniversary Celebration at the Harrisburg Chapter on April 4, 2009. The chapter is one of the most active in NRHS and the banquet was well attended.

#### RailCamp Program

All the RailCamp planning is moving forward and the status is commensurate with the plans at this point in past years. The teenage programs at Steamtown and Nevada Northern are just about complete. Steamtown has 18 campers registered while Nevada Northern has 4. As of April 14, twelve chapters have indicated that they will provide scholarships for campers. Several have still not identified campers and are looking for campers to assist.

The Adult programs have benefitted from the large advertising campaign in Trains Magazine. As of April 15, the Adult Program in June is over-subscribed with a waiting list. The September program has four people registered.
