

National Railway Historical Society

2022 Directory of Rail Attractions

Wesley F. Ross, Director Emeritus

Shirley C. Ross, National Representative, Kentucky Central Chapter

A total of 750 letters have been sent out to museums and rail attractions across the country. Once again, this year, offering a discount to our members is a suggestion and not mandatory because of the on-going COVID situation and its effect on rail attractions. A copy of the NRHS Membership Brochure is included in, every letter. The attractions are asked if they would like some brochures to display on-site, for visitors. Jon Baake distributes the extra brochures to the attractions. The completed, "2022 Directory of Rail Attractions" will be distributed to members via e-mail and listed on the NRHS Web Site, prior to June 1, 2022. Please contact me at: wesleyross@windstream.net if you have any questions or comments.
