

Tony White reports he is doing the following:

- Working with the database and helping mostly District 1 chapters know who are NRHS members. However when some chapters or members become frustrated I contact them and provide answers.
- Working with Trains Magazine and a committee of Jeff Smith, Mike Yuhas as judges and Keith Schmidt who is doing a fantastic job of deleting data and names from the photos and giving them random numbers for us judges to judge without bias.
- Promoting the NRHS and the Photo contest on Zoom programs with NRHS Chapters and non-NRHS organizations.
- Spoke with several members regarding their dues payments, lack of acknowledgment and concerns that the organization is slipping back to the poor financial situation that we were in years ago.
- Reviewing and approving expenses of our president for various NRHS related expenses.
