## NRHS Leadership Update

Submitted by Al Weber, President

My personal thanks to the NRHS chapters and museums that held public events on May 10, 2019, in celebration of the 150<sup>th</sup> anniversary of the joining of the Union Pacific and Central Pacific railroads. I also send thanks to several chapters who set up displays at their local library.

These celebrations are a good way to show, share and tell the public about railroad history. These activities also attract new people who are interested in preserving railroad history.

I enjoyed seeing and meeting many of our members at the NRHS convention in Salt Lake City, Utah and its many events. Thanks for attending and I hope to see you at the 2020 convention in California.

The 2019 membership renewal cycle is almost complete. For a current list of your chapter's members, the chapter's membership coordinator should email the request to [membership@nrhs.com](mailto:membership@nrhs.com). Please check the list carefully, and send corrections or changes to [membership@nrhs.com](mailto:membership@nrhs.com).

Whether sent by mail or email, any address error costs us time and money. After each mailing, many emails bounce back or items are returned for bad addresses. Volunteers spend time to find the errors and to fix them. Re-mailing costs us more time and applicable postage. Your help to keep our membership data current is greatly appreciated.

An obituary section is planned for the *NRHS News* and would run twice a year. Currently, only the obituaries of past national officers are listed. I often receive notices of members' passing and read of more in chapter newsletters. Notices are not always sent to us, and our list is incomplete or not current. A volunteer is needed to receive and prepare a complete list. This could be done in a spreadsheet with the name and chapter of those who have passed. Twice a year, the confirmed list would be prepared and published in the *NRHS News*. If you are interested or know someone who might be, please email me ([aweber@nrhs.com](mailto:aweber@nrhs.com)) and we can discuss this.

The National Membership brochure is being republished. Please request copies from Jon Baake <[jbaake@outlook.com](mailto:jbaake@outlook.com)> and distribute these at your events. Publicize your chapter by adding an insert with meeting location, date, time and a brief promotion of your chapter's activities. Best regards, Al Weber ([aweber@nrhs.com](mailto:aweber@nrhs.com))

### Skilled Video Editor Needed

Submitted by Marlin R. Taylor , NRHS Film Archival & Library Committee

Your NRHS Film Archival Committee is 1) over-resourced and 2) understaffed. Hence, if you are qualified and capable of helping ... we need you.

While the NRHS has a large collection of 16mm. sound films which were mostly produced by the railroads for promotional purposes in years past, your Society also has obtained literally miles of rail-related film footage shot over the past three-quarters of a century by railfan photographers ... and continues to regularly receive the donation of both 8mm. and 16mm. footage. These reels of film are slowly being digitized as financial resources permit.

While you and your fellow Society members may have shot the film, most don't have the capability or experience working in the digital world.

However, if you:

- Have professional-level video editing experience
- Have facilities for doing digital video editing
- Have a creative mind for taking raw footage and turning it into a finished, tightly edited presentation
- Are willing and interested in donating some of your services to the benefit of the NRHS

Please let us hear from you by e-mailing [marlin@NRHS.com](mailto:marlin@NRHS.com) and telling us a little

about yourself and what you can offer.

Otherwise, there's another great possibility: You or another member of your chapter may have a child or grandchild who has the capabilities of working with digital video + the "smarts" and some experience ... maybe/possibly one who creates YouTube videos that are posted on the Internet. Or possibly he or she is a college or high school student who could use such a project as part of their thesis or internship commitment.

If that person with the skills also possesses a creative mind and perhaps a little interest in "trains" and would be willing to commit some of their time, we'd like to talk with them.

What's actually involved here? Taking raw footage which has been digitized, reviewing the contents to determine what's good enough subject-wise and of sufficient quality visually, and then creating a finished production for either/or railfan/general public viewing.

If you are a person possessing the necessary skills and attributes and have a serious interest undertaking such a project . . . please let us hear from you by e-mailing Marlin R. Taylor <[marlin@NRHS.com](mailto:marlin@NRHS.com)>. Thank you.

### NRHS Bulletin Issues Available for Chapter PR

Submitted by Jeff Smith, NRHS Bulletin Editor

We are offering boxes of 50 or 100 magazines to any NRHS Chapter that wants them for Chapter public relations and publicity. Each box will contain an assortment of issues. Boxes of 50 will contain at least two different issues (perhaps more) and each box of 100 will contain at least 4 different issues (perhaps more).

The objective is to put these magazines to use marketing the society instead of sending them for recycling. Please reach out to Jeff Smith at [bulletin@nrhs.com](mailto:bulletin@nrhs.com) if you are interested in receiving one or more boxes of magazines. Please let him know where you want them shipped and how many magazines you desire. They will be provided free of charge. (National pays for shipping).
